

Economic and Development Assistant and Head of Environmental Agency of Bogor Regency Visit Indocement Citeureup Factory

Bogor, June 13, 2025 – PT Indocement Tunggal Prakarsa Tbk. (Indocement) Citeureup Factory welcomed a visit from the Economic and Development Assistant of the Bogor Regency Regional Secretariat, Andri Hadian, S.E., S.T., M.M., and the Head of the Environmental Agency of Bogor Regency, Ir. R. Soebiantoro W., ATD., M.M. The delegation was received directly by Indocement Director Oey Marcos and his management team.

During the visit, the delegation participated in planting ten trees at the Gunung Putri Access Road (GPAR) roundabout. This activity was part of the 2025 World Environment Day celebration and a series of events leading up to Indocement's 50th Anniversary on August 4, 2025. Referring to Circular Letter No. 05 of 2025 from the Minister of Environment/Head of the Environmental Control Agency of the Republic of Indonesia regarding the 2025 World Environment Day celebration, companies are encouraged to take concrete collaborative actions involving the government, businesses, and nature-loving communities.

"Indocement is a company that provides concrete solutions for reducing plastic waste by using it as an alternative fuel in the cement production process. Indocement has established various agreements with government entities for the utilization of refuse-derived fuel (RDF), including cooperation with the Jakarta Provincial Government to use RDF produced by TPPAS Bantargebang and with the West Java Provincial Government to use RDF produced by TPPAS Lutut Nambo," said Oey Marcos, Director of Indocement.

To commemorate World Environment Day 2025, all Indocement operational units are collaborating with partner companies, environmentally conscious communities, eco-friendly villages, and nature enthusiast groups to organize a series of activities related to the theme "Beat Plastic Pollution." These include clean-up day events (at coastal areas and lakes), plastic waste recycling competitions, environmental awareness seminars, and tree planting initiatives featuring endemic species such as Kiteja, Pangsor, Picung, Peutag, Parengpeng, and Mangrove.

On this occasion, Indocement also launched an "Environmental Booklet" for internal use as a guide for employees and contractors to ensure compliance with environmental regulations and as a reference for environmental management and monitoring.

About Indocement

Indocement is one of the largest cement producers in Indonesia, which produce Semen Tiga Roda, Semen Rajawali, Mortar Tiga Roda, and Semen Grobogan brands. Currently, Indocement and its subsidiaries are engaged in several business fields which include the manufacturing and sale of cement (as a core business) and ready-mix concrete, as well as aggregate and trass mining, with approximately 3,700 employees. Indocement operates and owns 14 plants as well as two plants and one grinding mill on a rental basis, with a total annual production capacity of 33.5 million tons of cement. Ten plants are located in Citeureup Factory, Bogor, West Java; two plants in Cirebon Factory, Cirebon, West Java; and one plant in Tarjun Factory, Kotabaru, South Kalimantan; one plant in Grobogan, Central Java; two plants in Maros, South Sulawesi, and one grinding mill in Banyuwangi, East Java. In 2022, Indocement has operated Bosowa Plant after signing an Asset Lease Agreement with PT Semen Bosowa Maros and PT Bosowa Corporindo. Heidelberg Materials AG has been Indocement's majority shareholder since 2001.
